All non-playoff games will not affect the playoffs in anyway, unless there is a player that receives a red card. If a player receives a red card they will be suspended for their first game of the playoffs. All accumulated yellow cards during the season will be erased for the start of the playoffs. These are the playoffs, but remember this is still a fun league.

**Unsportsman-like conduct will not be tolerated.**

All playoff games cannot end in a tie. In the event of a tie, the game will immediately proceed to shots from the mark. There will be a possibility that any game proceeding to shots from the mark may need to move to a different field. At the end of regulation play, teams can choose their players from any of their players on or off the field. Two women must be in the first five players to shoot. After that, the remaining shooters, maximum of 11 (including goalie), can be all men, all women or split up however the team wants. If a team is short women, the opposing team can match the same amount of women shooting as the other team.

For the finals, if the game is tied after regulation, there will be (2) 10-minute overtime halves with a five-minute intermission. There will be no golden goals and both halves will be completed. If the game is still tied after the overtime, the game will then proceed to shots from the mark.

It is each team's responsibility to notify their players of the playoff schedule and when their next game will be. If there is any confusion please contact either Steve or Ann (H)522-0966, (C)539-7331.

We thank you for another great season. Good luck to everyone.
